

WOOMMAVOVAH STRATEGIC SOLUTIONS LLC

FEDERAL CAPABILITY STATEMENT | MASTER OVERVIEW

Intelligent Infrastructure. Mission-Driven Results.

COMPANY OVERVIEW

Woommavovah Strategic Solutions LLC (WSS) is a veteran- and Native American-owned healthcare infrastructure advisory and technical services firm. WSS integrates executive-level facility management, asset intelligence, capital stewardship, decarbonization and program oversight. Specialized field execution is supported through appropriately qualified technical partners where required.

FIVE INTEGRATED SERVICE AREAS

01 Facility Management Advisory	Enterprise FM strategy, staffing and reliability; CMMS/EAM requirements, RFP leadership, vendor evaluation and implementation governance.
02 Asset & Capital Planning	Facility condition assessments (FCAs), asset inventories, deferred maintenance, lifecycle modeling and risk-based capital prioritization.
03 Energy & Decarbonization	Healthcare decarbonization strategies and RFPs; LED assessments, retrofit programs, controls, procurement and implementation oversight.
04 Specialized Facility Systems	Elevator assessments, modernization, maintenance programs and LED technical delivery through qualified specialty partners.
05 Federal Program Management	Multi-site infrastructure programs, acquisition support, contractor oversight, reporting and performance accountability.

EXECUTIVE DIFFERENTIATORS

- Founder G. Andy Woommavovah, CHFM, SASHE: retired U.S. Army Engineer lieutenant colonel and former healthcare facilities executive.
- Leadership experience managing and conducting FCAs and multiple enterprise healthcare CMMS RFP processes.
- Authored ASHE decarbonization training; managed healthcare decarbonization RFPs; recognized subject matter expertise.
- Author of forthcoming Stewardship of Catholic Healthcare Infrastructure, addressing governance, aging assets, workforce and lifecycle investment.
